## About Our Company

Bowditch Marine, Inc. (BMI) is a full service, comprehensive Marine Surveying and Consulting company headquartered in Seattle, Washington. We offer general commercial marine surveying and consulting services for all types of commercial maritime interests as well as damage surveys in the areas of cargo, hull and machinery, and other marine property interests. We also provide consulting services to the maritime industry in accordance with the aforementioned areas of expertise.

## Bowditch Marine Services

At Bowditch Marine, our goal is to assist owners, underwriters and other maritime interests with all aspects of protecting their assets. This includes all areas of maritime operations from pre-voyage inspections to post-damage surveys. Specific services include the following:

- Damage Surveys for cargo, hull, machinery and miscellaneous maritime structures
- Condition and Valuation Surveys of all types of commercial marine vessels
- Suitability for Tow, On-Hire / Off-Hire
- General and Particular Average Surveys for cargo or hull interests
- Draft Surveys, Bunkers and Hatch Sealing Certificates
- Lashing, securing and specialized services involving high value, overweight or oversized equipment
- Cargo pre-load, load, stow and discharge examinations, including all dry bulk, refrigerated, hazardous, container and unitized loads
- Safety, Regulatory Compliance and Loss Control Audits
- USCG Approved “Accepted Organization” to conduct biennial examinations of Fish Processing Vessels as required in 46 CFR 28.710 and voluntary examinations of all other Fishing Industry Vessels providing Certificates of Compliance and Decals as appropriate.

## About our people

❖ **Captain Richard Shaw:** Experienced Lloyd's Agency Surveyor; Captain Shaw is a 1975 graduate of California Maritime Academy attaining a degree in Nautical Science. He is presently a USCG licensed Unlimited Master and Endorsed Towing Master. Rich served as President of the Washington State Maritime Cooperative and as a USCG approved Instructor in Advanced Fire Fighting, Basic Safety Training, Stability and Ships Construction, Train the Trainer, 40 Hr. HAZMAT Instructor, Incident Command and QI. His experience and training includes all aspects of vessel operations, ship handling, cargo operations, shipyard competent, occupational safety and environmental compliance.

❖ **Captain Kuhrt Wieneke:** Captain Wieneke is dually licensed as both a USCG Master and Engineer to 4000 HP, and earned his B.A. in Economics from the University of Colorado at Boulder. His marine surveying experience includes damage assessment and troubleshooting, investigative analysis, project management and cost estimates with proficiency in diesel propulsion, auxiliary systems, electrical distribution, metal fabrication and wooden ship construction. Kuhrt conducts onboard training exercises in shipboard safety, medical training and fire fighting.

❖ **Steve Kennebeck:** Steve oversees the consulting aspects of Bowditch Marine. He is a graduate of the United States Merchant Marine Academy, Kings Point (1981). He has worked in virtually all aspects of the Marine Insurance field over the past 25 years. From 1999 through 2002, Steve was President of International Specialty Claims (ISC), a marine insurance claims and risk management consulting company.

Prior to ISC, he held the position of Director of Insurance and Claims for Tyson Seafood Group (1992-1998) where he was responsible for managing the Claims, Safety, Training, Human Resources and Risk Management areas of the Seafood Group (36 vessels, 1250 Jones Act Seamen). From 1994 to 1998, he served on the Board of Directors of the company's captive insurance company domiciled in Bermuda. From 1987 through 1992, Steve was the National Ocean Marine Claims Manager for St. Paul Fire & Marine Insurance Company where he was responsible for overseeing the investigation, evaluation, negotiation and settlement of all Hull, P&I, Cargo and Excess Liability claims within the company.

## Of Counsel

❖ **Bob Keenholts:** Bob attended the University of Washington where he studied Mathematics and English. He is a USGS licensed Chief Engineer of Steam & Motor Vessels (unlimited), Licensed Professional Engineer for Washington State and a full member of the Society of Naval Architects and Marine Engineers. Bob was Manager of Engineering at Crowley Maritime for over 20 years. From 1986 to the present, Bob has operated under many titles including marine surveyor, consulting engineer, operations manager, manager of engineering, chief engineer, and marine engineer. Bob has also served as President of the Society of Port Engineers of Puget Sound and has been a full member of SNAME since 1989.
